Languages

English, Croatian

Programming

Experience using:
Android, Swift
PHP, JavaScript
HTML & CSS

Familiar with:
Tableau
JasperReports

IDE

Android Studio
xCode, Eclipse

Db

MySQL, NoSQL
Realm, SQLite

Os

Ubuntu, Windows, macOS

Other

Git, Mercurial
Bintray, Maven, Cocoapods
Knockout.js
REST API
JIRA

Interests

Muay Thai, Gym
Running

Summary

In the past six years, I have worked as a full stack developer and mobile developer. Although I worked with different technologies, my preference is in the development of Android and iOS apps in which I have devoted a significant amount of my spare time during the years. My first two years in Novatec was working with databases, PHP and JavaScript implementing both Backend and Frontend logic. After that I moved to mobile development. I have a significant experience of Android Studio for Android development, xCode for iOS development and Eclipse and Zend Studio for PHP development. In the future, I would like to see myself as a part of an native mobile development team.

Experience

2015-present   **EXADS**   *Mobile developer*
Design, development and testing of complete mobile, both iOS and Android applications for the end-users as well as development of Android and iOS SDK for developers.

2011-2015   **Novatec "New Technologies"**   *Software engineer*
Initially, I worked for the first two years as part of a team developing business software and then worked independantly on projects developing web and native mobile apps. I also worked on a project for the Croatian Government as a Developer in Tableau and mentoring younger developers.

Education

2011   **Faculty of Organization and Informatics - master level**   *University of Zagreb*
Master thesis - Designing student dorm LAN network infrastructure and implementation of security

2009   **Faculty of Organization and Informatics - bachelor level**   *University of Zagreb*
Bachelor thesis - OSPF Open Shortest Path First

Online courses

Programming Mobile Applications for Android Handheld Systems   *Coursera*
University of Maryland

Pattern-Oriented Software Architectures: Programming Mobile Services for Android Handheld Systems   *Coursera*
Vanderbilt University

Programming Cloud Services for Android Handheld Systems   *Coursera*
Vanderbilt University

Introduction To Swift Programming   *Coursera*
University of Toronto

iOS App Development Basics   *Coursera*
University of Toronto

App Design and Development for iOS   *Coursera*
University of Toronto

Certificates

2009   **CCNA - Cisco Certified Network Associate**   Cisco Academy - Varazdin
Technology institute Varazdin
